**Photo 10: Collage of a plaque bearing a bottle of Bayer aspirin presented by MDS to the Division of Mechanics and Control at INPE (Brazil) in 1990 in penance for the many headaches he had caused INPE engineers trying to understand QUEST. Left panel shows the plaque hanging on the wall of the DMC Secretary's office. Center panel shows the bottle and inscription in close-up. (Translation of the inscription: From Malcolm D. Shuster to his colleagues at INPE.) Right panel gives a side view of the panel showing that it is empty.**
