2002b

"Attitude-Independent Magnetometer Bias Determination, A Survey," R. Alonso and M. D. Shuster, *The Journal of the Astronautical Sciences*, Vol. 50, No. 4, October–December 2002, pp. 453–475.

This work compared the performance of the TWOSTEP algorithm to naive quartic scoring, RESIDG, RESIDT, Davenport's algorithm, and Acua's model-free algorithm. Provided that a good scalar-field model is available, the TWOSTEP algorithm outperformed all other algorithms.
